

ARTiFACT TRAC™ – Washi Wrap, LLC Partnership - The Inventory Tracking Solution for Museums and Art Galleries

Northern Apex Corporation and Washi Wrap, LLC have created the premier inventorying and tracking solution for museum and art gallery collections.

In 2002, Northern Apex Corporation - a RFID (radio frequency identification) integrator, created ARTiFACT TRAC™. ARTiFACT TRAC™ is an RFID based software and hardware set designed specifically for museums and art galleries. ARTiFACT TRAC™ utilizes RFID tags placed safely and strategically on precious pieces of art to track their movements both throughout and in-between museums and art galleries. Besides location tracking, ARTiFACT TRAC™ can be used for inventory control, membership access and temperature monitoring.

ARTiFACT TRAC™ has been deployed in museums throughout the United States and Canada, but now Northern Apex has expanded its product offering, thanks to a new partnership with Washi Wrap, LLC. Washi Wrap, LLC produces the safest and highest quality encapsulated RFID tags available that are suitable for attachment to museum quality artworks. The hand-made Washi Wrap Paper Tag combines the technology of radio frequency identification and the ancient art of Japanese paper-making. Developed in consultation with a paper conservator, the Washi Paper Tag is constructed of acid-free and lignin-free Japanese paper, perfectly formatted for most items in any collection.

Together ARTiFACT TRAC™ and Washi Wrap, LLC make the ideal inventory and tracking solution for museums and art galleries.

About Northern Apex:

Northern Apex (www.NorthernApex-RFID.com) is recognized and respected as a pioneer and a lead integrator in the world of RFID (*Radio Frequency Identification*) technology. Over the past ten years, Northern Apex has developed a reputation for innovation, customer focus and affordability providing RFID integrated components, engineered solutions and complete RFID turnkey systems. Northern Apex has fielded numerous custom RFID solutions by leveraging a keen understanding of the physics of RFID, a broad knowledge of the available technologies and a passion for customer service.

About Washi Wrap, LLC:

RFID Tag Conversion by Museum Professionals for Museum Professionals

Washi Wrap, LLC (www.washiwrap.com), based in Minneapolis, was formed to bridge the worlds of RFID integrators and museum professionals. Washi Wrap produces RFID products of the highest quality that are tailored to the needs of museum professionals, thereby facilitating the use of the technology in the museum environment. Washi Wrap's staff is made up of seasoned museum professionals, with over 15 years of collection management experience, specializing in the use and implementation of RFID systems in the museum environment.
